## PRISONER STUN VEST

### Overview:

The Prisoner Overt Stun Vest will be used to control the behavior of prisoners whilst escorting in order to prevent escape and ensure safety and protection to personnel and innocent bystanders. Ideal for use at courts, hospitals or compassionate leave outside prison.

### Features:

- Ergonomic design manufactured from Ballistic Nylon D1200 material with internal Shock panels fitted back and front.
- The Overt Stun Vest offers High Security 6 Point Rear locking straps to prevent access by the prisoner.
- Double Velcro Lock Shoulder straps to prevent removal by the Prisoner.
- Control box Secured with 3x straps to prevent tampering and easy removal.
- Inner Shock panels fitted on front and back panels to ensure all round contact with shock.
- Concealed D-Ring attachment for use with handcuff outside court.
- Removable Shock Panels manufactured from High density anti-bacterial polyester and conducts shock around the waist area
- Long Range Code Hopping Dual Trigger Remote activation to prevent accidental trigger.
- 125-dB Ear-piercing Siren serves as a first warning to attract audible attention.
- Tested non-lethal high voltage pulse to temporary incapacitate the prisoner and prevent an escape.
- Safety Dual Button remote control for controlled sequential warning and time out delay for shock.
- New High capacity 2500ma Li-ion for extended stand by time during escort or deportation.
- **Carry bag:** Manufactured from Cordura Nylon incorporating dual zip sliders with inner compartments for accessories. Adjustable shoulder strap.
- Removable control box for cost effective shipping and maintenance.
- Optional Ballistic Inserts for High profile witness protection.
- Variable Sizes: Small-Medium, Large to XL and XL to XXL
- 12 Months Manufacturing warranty.
