

⚡ PRODUCTS THAT FIGHT BACK

EPS STUN-TECH Business Opportunity & Distributor Launch Kit

Turn Protection Into Profit

Enter the fast-growing non-lethal security market with innovative technology designed to protect people, assets, and businesses — while creating powerful income opportunities for our partners.

With over **27 years of design and manufacturing expertise**, EPS STUN-TECH delivers advanced high-voltage deterrent solutions trusted by security professionals, institutions, and private users.

Our **Business Opportunity & Distributor Launch Kit** provides everything you need to demonstrate, promote, and sell our unique product range with confidence.

A Security Business Opportunity — Ready To Launch

Whether you are starting a new venture or expanding an existing security operation, this kit gives you immediate access to innovative, high-demand products that stand out in the marketplace.

This Opportunity Is Ideal For:

- ✓ Entrepreneurs starting a security business
- ✓ Existing security companies expanding product offerings
- ✓ Tactical equipment suppliers
- ✓ Distributors seeking high-margin products
- ✓ Private security contractors
- ✓ Law enforcement procurement channels

Our products are designed to **demonstrate easily and sell quickly**, creating strong revenue potential from the very first presentation.

What Makes EPS STUN-TECH Different

- ✔ Unique high-voltage non-lethal deterrent technology
- ✔ Proven reliability and quality manufacturing
- ✔ Strong visual demonstration impact
- ✔ Multiple industry applications
- ✔ Premium product positioning
- ✔ Ongoing portfolio expansion opportunities

We don't just provide products — we provide must have security solutions and **a platform for business growth.**

What's Included In Your Launch Kit

MINI Shock Riot Shield

Designed for law enforcement, correctional facilities, and security teams.

Applications include:

- Crowd management
- Passive riot control
- Prison security
- Event security
- Personnel protection

A powerful demonstration product that captures immediate attention.

Optional Inclusion:

Force Protector Stun Gun (15 cm)

Compact, powerful, and easy to use for personal and professional protection.

- Penetrates heavy clothing
- Rapid activation
- Integrated safety controls
- Suitable for private individuals and professionals

Built For Demonstration. Designed For Sales.

One of the strongest advantages of EPS STUN-TECH products is their ability to **sell themselves through demonstration.**

When clients see and experience the technology, conversion rates increase dramatically.

This gives distributors a significant competitive advantage over traditional security products.

Why Partner With EPS STUN-TECH

- ✓ 27+ years industry experience
- ✓ Proven product reliability
- ✓ Unique market positioning
- ✓ High perceived value
- ✓ Strong profit potential
- ✓ Partner collaboration and support

We are committed to building long-term relationships with distributors who share our vision for innovation and growth.
